APPROVED BY: (TBD) Pyreddy Reddy, CISO; Sam Gibbs, Deputy Secretary IT Operations	

PURPOSE:

The HIPAA Privacy Rule requires the designation of personnel who are responsible for the implementation of privacy policies and procedures, as well as personnel who are responsible for receiving complaints and answering questions concerning privacy.

DHHS, as a hybrid entity, must designate a privacy officer who is responsible for the coordination and implementation of all privacy and confidentiality efforts within the department. In addition, DHHS has determined that the department agencies that are defined in the purpose section of this policy must each designate a privacy official to act as the primary point of contact for the privacy of health information that is used within or disclosed outside of that agency. The DHHS Privacy Officer and Agency Privacy Officials are responsible for the coordination and facilitation of compliance activities associated with departmental privacy policies.

POLICY:

DHHS and its agencies, as defined in the purpose section of this policy, shall ensure the privacy and confidentiality of that information by designating department and agency privacy officials to provide the oversight of the use and disclosure of health information.

PROCEDURE:

The DHHS Privacy Officer shall oversee all activities related to the development, maintenance and adherence to department policies regarding the use and disclosure of individually identifiable health information, in accordance with state and federal laws as well as best business practices.

The responsibilities of the DHHS Privacy Officer shall also include, but are not limited to, the following:

1. Act as the Department expert for issues related to privacy in the use and disclosure of health information;

2. Serve as liaison with the North Carolina Office of the Attorney General in the analysis and application of state and federal privacy laws;
3. Develop and maintain Department privacy policies related to the use and disclosure of health information;
4. Provide guidance in the implementation of health information privacy policies and procedures;
5. Provide consultation and direction regarding privacy and confidentiality of health information to agencies within the Department;
6. Coordinate privacy activities within the department;
7. Create educational awareness programs and ensure staff and extended workforce training is conducted;
8. Monitor state and federal privacy legislation;
9. Monitor DHHS compliance with DHHS privacy policies and report compliance level to management;
10. Escalate privacy issues to DHHS management as appropriate;
11. Communicate all Department expectations for privacy to Agency Privacy Officials.

The individual Agency Privacy Officials shall guide all agency activities related to adherence to DHHS privacy policies regarding the use and disclosure of individually identifiable health information, in accordance with state and federal laws, best business practices, and under the direction of the DHHS Privacy Officer.

Agency Privacy Official responsibilities shall also include, but are not limited to, the following:

1. Serve as primary agency contact for privacy issues and concerns regarding the use and disclosure of health information and for client rights regarding health information;
2. Serve as the agency liaison to the DHHS Privacy Officer for privacy-related activities;
3. Coordinate and facilitate efforts to support the agency in the accomplishment of their privacy compliance activities;
4. If the DHHS agency is also a covered health care component under the HIPAA Privacy Rule (i.e., not an internal business associate), the Agency Privacy Official shall be responsible for responding to client requests for further information concerning the Notices of Privacy Practices.

DHHS agencies are responsible for ensuring agency compliance with department privacy policies. The following are some of the agency requirements in which the Agency Privacy Official may participate:

1. Develop procedures based on department privacy policies to ensure the protection of individually identifiable health information within the agency;
2. Implement agency privacy requirements by incorporating new privacy practices into existing business operations;
3. Ensure applicable privacy training delivery to agency staff and extended workforce;
4. Provide a designated agency contact for privacy complaints and ensure that all complaints are appropriately documented;
5. Monitor agency compliance with DHHS privacy policies;

6. Ensure appropriate use and disclosure of individually identifiable health information and client rights in regards to health information;
7. Provide reasonable privacy protections for individually identifiable health information within the agency.

The DHHS Privacy Officer is designated by the Secretary of the DHHS. The DHHS Privacy Officer shall maintain the list of all agency privacy officials within the department.

Each agency defined in the purpose section of this policy shall designate a staff member to serve as the agency privacy official. These designees may have other primary job functions in addition to privacy responsibilities. The privacy officer will work closely with the HIPAA Coordinator when there is an incident investigation or breach involving HIPAA data.

Organizationally, privacy officials report to their supervisor within the agency. Agency privacy officials shall have an indirect reporting relationship to the DHHS Privacy Officer for privacy related activities only. Upon request from the agency supervisor, the DHHS Privacy Officer shall provide input into the agency privacy official's annual performance evaluation as applicable to privacy related activities.
